I have resided in Banning for 45 years, Banning High School Class of 82, Los Angeles Harbor Junior college, played baseball. What types of major issues should this commission, committee or board deal with?

Any issues, big or small, that would impact our community in our Recreation Programs, Parks, Facilities, or the safety of our equipment.

Please identify specific problems facing the commission, committee or board on which you would like to serve and explain how you feel they might be resolved:

The biggest problem is not having a Parks Department and the cost of upkeep of the parks. We need to fix the parks we have now before taking on more parks without the money to run a department with the right number of staff. I would hope with the community and the City Council working together we can come up with a way to bring our Parks Department back with New Development fees or a tax that would bring our existing parks up to a higher standard to attract home buyers.
