**JOINT MEETING  
BANNING CITY COUNCIL/  
BANNING UTILITY AUTHORITY/  
SUCCESSOR AGENCY**

**DATE:** April 14, 2015

**TO:** Mayor and Members of the City Council

**FROM:** Dean Martin, Administrative Services Director / Deputy City Manager

**SUBJECT:** FY 2014/15 Midyear Budget Review

**RECOMMENDATION:** That the City Council approve City Resolution No. 2015-27, the Banning Utility Authority Resolution No. 2015-05 UA and the Successor Agency Resolution No. 2015-03 SA authorizing the Administrative Services Director to make necessary budget adjustments to implement the mid-year analysis.

**BACKGROUND:** The budgets for the City, Banning Utility Authority and Successor Agency for FY 2014/15 were adopted on June 24<sup>th</sup>, 2014. The budget is a dynamic document that may be amended throughout the year as a result of unforeseen changes in revenue or expenditure requirements. These changes require City Council or Agency Board action for approval. The purpose for the midyear review is to determine if any budget adjustments are necessary to the budget.

The Fund Summary Status is the primary budget document that is adopted, managed and evaluated throughout the year. Below are some observations about the report:

- The “Available Resources at July 1, 2014” is updated during midyear to reflect the actual available balances from June 30, 2014.
- The Adjusted Revenue and Adjusted Expenditures include all authorized appropriations approved by Council from July 1, 2014 through December 31, 2014, plus any continuing appropriations/encumbrances that were carried forward. Finally, it includes the midyear budget adjustments.
- The “Projected (Proj) Balance at June 30, 2015” shows the projected, estimated ending balances (reserves/fund balance). These will also be used as the starting point for the next budget cycle. The Projected Balance assumes that all revenues and all expenditures will occur as budgeted.

A complete list showing the adjustment requested for each affected account is contained in the detailed attachments for each resolution. Adjustments to the salary accounts have been summarized on one line for each affected fund. The remainder of this report will highlight changes to the budget of the major funds.

## General Fund

The original General Fund budget was adopted as balanced. The following table provides a summary of the net changes to the estimated General Fund budget. Adjustments made during the first six months of the year include continuing appropriations and encumbrances (open purchase orders at year end where the work was still in progress at year end and any new appropriations approved by Council).

General Fund	
Beginning budget net gain (loss) to reserves	0
<u>Adjustments during first 6 months:</u>	
Encumbrances	(125,160)
Net new appropriations	(0)
Net continuing appropriations - grants	10,848
Net continuing appropriations - other	(172,272)
Budget adjustments (before midyear)	(286,584)
<u>Midyear adjustments</u>	
ADD - net increases in revenue	903,241
ADD - net decreases in expenditures	306,128
Midyear adjustments	1,209,369
Revised net gain (loss) to General Fund	922,785

REVENUES: Regarding the midyear revenue review, the net impact is an increase in estimates by \$903,241. The primary areas of improvement are:

### Midyear Adjustments to Revenues

Mining Tax	275,000
Litigation Recoveries	628,241
	<u>\$903,241</u>

The quarter ending December 31, 2014 was the first quarter that Robertson was required to remit the mining tax established by Measure J. On January 20, 2015 the City received approximately \$23,000 representing receipts from mid-December through the end of December. On an annualized basis that amounts to about \$550,000. Staff has assumed that revenues from the mining tax will continue at that rate for the six months ending June 30, 2015. Therefore the mid-year budget includes half the annualized amount for a total of \$275,000. The next actual payment (which will reflect the first complete quarter) is not due to the City until April 20, 2015.

In addition to the Measure J mining tax, the City received a one-time payment of \$628,241 as recovery from litigation. The City received a favorable court judgment for an oil spill that the City remediated at a cost of nearly \$1.8 million. The City was able to successfully pursue and recover from one of the responsible parties.

EXPENDITURES: The expenditure budget has been reduced by \$306,128. The adjustments to expenditures resulted primarily from staff savings due to vacant and unfilled positions. Vacancies within the City Manager's office, administrative services, community development, and various other city positions created significant salary savings. Those savings were partially offset by the use of contractual and temporary staffing services to cover for many of the vacancies, estimated increased in personnel cost as a result of collective bargaining, and an increase in overtime costs (\$181,000) for the police department due to unfilled positions, . Other expenditures items of note include an allocation of \$25,000 for event sponsorship and \$72,276 in additional legal fees (total increase of \$130,000 with \$57,724 allocated to other funds)

ENDING BALANCE/ "RESERVES": The projected balance at June 30, 2015 is \$4,958,154. This includes the emergency contingency, the litigation contingency, encumbrances and continuing appropriations reported in the June 30, 2014 audit report. The increase in the General Fund Balance is a result of anticipated Measure J revenues, one time litigation recovery, and expenditure savings from staffing vacancies offset by contractual services and estimated increased expected as a result of current year collective bargaining.

The Emergency Contingency Commitment is currently set at 25% of the operating budget. Each year the Council adopts the Budget and Fiscal Policies as part of the Budget document. The policy established a Contingency Commitment of a minimum of \$1.5M or up to 25% if funds are available. Any increase in Reserves provides critical resources to the City for unexpected emergencies and cash flow needed, due to the irregularity of the receipt of certain revenues.

#### Banning Utility Authority

The Utility Authority includes the Water, Wastewater, and Reclaimed Water funds. The Water Operations Fund Balance declined due to increased expenditures. The result for Wastewater Operations has deteriorated since the original budget adoption and is now showing a deficit of \$84,842, a swing of \$107,803 from the previously projected surplus of \$22,961 due to continuing appropriations and encumbrances, new appropriations approved by Council, and adjustments recommended at midyear. Reserve balances for both utilities are still within the 10% reserve policy requirement.

The operational funds for the utilities should be structurally balanced. Costs and operations should be funded through rates and fees collected from customers. Staff is in the process of a new rate study that will provide tools to staff and council on how to address when a rate increase might be needed to address existing operational needs, infrastructure improvements and/or regulatory demands. Regulatory demands are creating a burden for new infrastructure improvements.

The other utility related funds may function with a deficit since these are funded through revenue sources collected in prior years (i.e. development fees, bond funds) and are intended for major projects.

#### Electric

Electric Operations revenues are expected to remain as originally budgeted. However, expenses, based on results to date, are running slightly less and so have been marginally adjusted

downward. The projected ending fund balance meets the City reserve goal of 10% of operating expenditures.

### **Other Funds**

The other funds have been reviewed and adjusted as needed to reflect actual trends or to resolve deficit fund balances. The Fund Summary Schedule has been updated to reflect the midyear recommendations. Column 4 of the Fund Summary Schedule (Attachment A) indicates the expected annual effect of FY 2014/2015 activity. Most of the deficits (losses) are in capital funds that utilize existing fund balance to complete budgeted projects. The deficit shown in the transit fund is due to a more equitable and rational allocation of internal costs for city services. This deficit should be covered by a request to the Riverside County Transportation Commission for additional Short Range Transit Plan funding (for which a separate Council action approving the request has been submitted).

The Airport Fund continues to operate at a deficit. Staff is exploring options for the airport for elimination of this deficit and restoring the airport or the underlying property to an economically viable asset.

### **Successor Agency (previously the CRA)**

The midyear review for the Successor Agency includes adjustments to align the budget with the items approved on the ROPS that cover this budget year.

### **December Interim Financial Report**

The December report (Attachment B) provides a snapshot status of the budget and actual activity for the first six months of the fiscal year. The report focuses on the General Fund and provides information to assist readers in understanding the General Fund revenues and expenditures.

**FISCAL DATA:** The proposed resolutions will enable the Administrative Services Director to post budget adjustments to the accounts for the City of Banning, Banning Utility Authority and the Banning Successor Agency. The effects of these adjustments will be to change estimated revenues, expenditures and ending fund balances as shown on the Fund Summary Schedule (Attachment A).

## General Fund Overview

**General Fund** – The General Fund Overview table provides a snapshot of budgeted revenues compared to the budgeted expenditures. The General Fund budget was adopted with a balanced budget. The Adjusted Budget includes continuing appropriations for grants, capital projects, revenue carryovers, as well as encumbrances carried forward from June 30, 2014. The Actual Activity covers the 6 month activity through the end of December, 2014 and reports revenues and expenditures that are approximately at 30.38% and 43.16% respectively. This report, however, does not reflect any mid-year budget adjustments.

The six revenues identified in the table above account for approximately 85.25% of the FY15 Adjusted Budget and 80.84% of the year-to-date actual revenues in the General Fund. These revenues are a good indication of the status of the General Fund.

- A comparison of the adopted vs. adjusted budget for these six (6) revenues shows an increase of \$46,060 or 0.38% due to continuing appropriation for Teeter Apportionment monies from the County.
- A comparison of YTD Budget vs. YTD Actual shows that 4 of these 6 revenues fell short of budget by approximately \$2.55 M mainly due to the timing of receipts, particularly for Property Taxes and Sales & Use Tax backfill. Other revenues such as Franchise fees from Kinder Morgan, The Gas Company, and Edison are usually entered in January and April while Franchise fees for CTV from Time Warner Cable and Verizon and normally received in November, February, and May but are budgeted equally throughout the year.

# Interim Financial Report

- 6 Months Ended December 31, 2014

- Comparing the YTD Actual December 2014 revenues versus the YTD Actual December 2013 revenues provide a better indication of whether or not City revenues are improving. Revenues show a decrease of \$171,531 or 4.7% compared to the same period in the prior fiscal year mainly due to the timing of recognition of Sales Tax revenues.

Property Taxes – The City receives approximately 17 cents on the dollar through property taxes. Typically, the major receipts of property taxes are recorded in December, January, April and May. In addition, due to various State actions (i.e. VLF Swap), the City receives the “in Lieu” property taxes twice a year (January and June). Compared to FY13, FY14 actual year-to-date property tax revenues decreased minimally by \$3,797 or 0.54%.

Electric Admin – The General Fund charges the Electric utility a 10% administrative charge on Electric Utility operating revenues. Throughout the year the amount transferred to the General Fund is based on the budget estimate. At year end, a calculation is done to adjust the charge based on actual Electric Utility operating revenues. Year-to-date operating revenues as of December 31, 2014 amount to \$16.47 million translating to potential revenue of \$1.65 million for the General Fund. This is above the recognized revenue to-date of \$1.49 million by approximately \$158,000.

Sales & Use Taxes – This source of revenue is typically responsive to economic circumstances. Compared to the prior year, overall sales tax revenue has decreased by \$155,925 or 23.5% due to the timing of recognition for the 3<sup>rd</sup> quarter sales tax apportionment amounting to \$130,262 from the State Board of Equalization. The decrease was offset by an increase in Sales Tax revenues from the Cabazon Outlets by \$28,741 or 18.02%.

Franchise Taxes – The City receives franchise payments from sources like Verizon, Time Warner, the Gas Company, and Waste Management. The refuse payments are received monthly, others are received quarterly and some just once a year. Overall, actual franchise revenues registered a minimal decrease of \$4,208 or 1.5% versus last year due to a decrease in Waste Management Direct Franchise revenues offset by the increase in CTV Franchise fees.

BUA lease payments – The General Fund receives monthly lease payments from the Banning Utility Authority (BUA) which is comprised of the Water (\$39,167/Month) and Wastewater (\$15,083/Month) utilities.

Transient Occupancy Tax (TOT) – With the vote-approved measure last June 3, 2014 to maintain the TOT rate at 12%, this revenue source has provided the City with average revenues of more than \$600,000 annually. Year to-date revenues as of December 31, 2014 amounted to \$161,196, an increase of \$4,004 or 2.55% versus last year. Typically, seventy five percent (75%) of the total annual revenues for TOTs are received from January to June.

The following table illustrates a comparison between the actual revenues for the current fiscal year (FY14) versus the previous fiscal year of the top six (6) major General Fund revenues as of December 31, 2014.

Top 6 Revenues (6 Month Comparison)

## General Fund Expenditures

At 50% of the year, actual expenditures are at approximately 43.16%. The General Fund Expenditures table provides a snap-shot of the expenditures by category.

General Fund Expenditures

Category	Adjusted Budget	Actual YTD	Encum.	% Spent
Employee Services	8,296,425	3,507,452	-	42.28%
Services and Supplies	4,190,897	1,785,313	355,972	42.60%
Capital	244,878	63,921	111,834	26.10%
City Hall Lease	269,995	134,690	-	49.89%
Interfund Support	1,383,811	718,044	-	51.89%
<b>Total</b>	<b>14,386,006</b>	<b>6,209,420</b>	<b>467,805</b>	<b>43.16%</b>

Employee Services account for salaries and benefits of the employees funded through the General Fund. The employees provide service throughout the City which includes: general government (i.e. city manager's office, city council, city clerk, city attorney, and personnel/human resources), financial services, public safety, planning and building, public works, and recreation. Approximately 42.28% of the budget has been expended in this category. There are salary savings in this category due to vacancies related to two major positions (City Manager and Community Development Director).

Approximately 42.60% of the Services and Supplies category has been expended. Within this category are city contracts for several major services such as Fire and animal control. Compared to last fiscal year, expenditures in this category increased by \$54,310 due to additional contracted services required to fill up various vacant positions.

The majority of the Capital budget results from grants received by the Police Department and the planned purchase of an emergency stand-by generator for the Community Center. Grants are restricted in how the funds can be used (i.e. grant funds will be used for vehicles, computers, and communication equipment). Majority of the Capital expenditures for the Police Department are for the purchase of eleven (11) Motorola APX7500 mobile radios to make the Department Project 25 compliant. The purchase and installation cost of the radios are reimbursable with the Riverside County Fire Department Office of Emergency Services (OES) upon project completion.

# Interim Financial Report

- 6 Months Ended December 31, 2014

The City Hall Lease payments are for the refinanced debt of 2011. Payments are made twice a year (April & October).

The Inter-fund Support category accounts for compliance with the Maintenance of Effort (MOE) for streets projects, and the General Fund allocation of general liability/worker's compensation costs and information technology services.

The Following table 'General Fund Program Expenditure Summary' provides another perspective of the General Fund expenditures.

## Citywide Comments And Notes

The Activity Report provides the bottom line status of each fund in the City.

Special Revenue Funds are restricted in nature. This means the funds are restricted by legislation or other external sources. Any deficit variance in the budget typically indicates that there are available resources in the fund balance for projects. The revenues were received in prior years but the expenditures are budgeted in the current year. With the exception of Fund 003 (*Riverside County MOU*), Fund 104(*Art. 3 Sidewalk fund*) and Fund 100(CDBG), the rest of the Special Revenue Funds have positive year-to-date Fund balances.

Banning Utility Authority Funds – These funds operate similar to Enterprise funds in that the operations are funded through fees. The accrual method of accounting is applied throughout the year rather than using the modified accrual accounting method. The Utility includes Water, Wastewater and Reclaimed Water operations. Year-to-date figures indicate a net gain of \$1.68 million, excluding depreciation charges and bad debt allowances.

Enterprise Funds This category typically includes funds that are funded through fees. The included funds cover Airport, Transit Operations, Refuse, and Electric. Year-to-date figures indicate a net gain of \$4.03 million, excluding depreciation charges and bad debt allowances.

Internal Service Funds These funds provide services to other City funds. Revenues come from charging all of the other funds through an allocation process.

Successor Agency Funds (SA) – In January 2011, the Governor and legislature passed ABx1 26 that eliminated the CRA. Effective January 31st, the CRA ceased to exist. Effective February 1st, the Successor Agency was established to carry on the CRA functions. The budget and expenditures are established through the annual Successor Agency budget process and the Recognized Obligation Payment Schedule (ROPs). The ROPs cover a six month period and are approved by the Successor Agency and Oversight Board.

### *Good to know: Government Accounting and Budgeting*

Most government funds and budgets are managed using a method called “modified accrual” accounting. This method basically means that the governmental funds are managed on a cash basis throughout the year. At year end, accruals are made to ensure that revenues and expenditures are recorded in the applicable fiscal year in which the transactions occurred. This method applies to the General Fund, Special Revenue funds, Capital funds, Internal Service funds and Redevelopment funds/Successor Agency funds.

To illustrate, revenue is recorded as it is received throughout the year (cash basis). The majority of General Fund revenues come in sporadically throughout the year and most of it is received or accrued in the last 6 months of the fiscal year. Meanwhile, the expenditures are continuing each month regardless of when the revenues are received. This circumstance highlights the importance of maintaining a reserve that allows for cash flow needs during the lean months when there are no revenues.

There are funds that are considered like a business. These are called “Enterprise Funds”. The “accrual” method of accounting is used. These business type funds charge customers a fee to cover all or most of the cost of certain services that are provided. Consistent with accrual accounting, the revenues reported on the interim report reflect revenues based on what was billed the customer rather than the cash payments collected. This method applies to the Airport, Transit, Refuse,

## **RESOLUTION NO 2015-27**

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BANNING AMENDING ITS 2014-15 FISCAL BUDGET PER THE MID-YEAR REVIEW RECOMMENDATIONS**

**WHEREAS**, the budget for fiscal year 2014-15 of the City of Banning has been adopted by this Council in its original form, and said budget will need to be amended at times to fulfill the goals of the City; and

**WHEREAS**, the City departments may not exceed their appropriations by character of expense, with character of expense being defined as personnel services, services and supplies, capital outlay, debt service and inter-fund transfers, without the consent of the City Manager; and

**WHEREAS**, the City may transfer appropriations, between departments and within their respective funds, as long as those appropriations do not exceed their fund total unless approved by Council; and

**WHEREAS**, the City Departments may not hire in excess of the approved number of positions in job classification as indicated by the budget detail without the consent of the City Council; and

**WHEREAS**, the budget is reviewed during a Mid-Year Review process that results in recommended budget adjustments to reflect unforeseen changes in revenue or expenditure requirements that require City Council approval;

**NOW, THEREFORE, BE IT RESOLVED** by the City Council of the City of Banning as follows:

Section 1: City Council approves the Mid-Year Budget Adjustments for the City funds detailed by account number in Exhibit "A".

**RESOLUTION NO 2015-05 UA**

**A RESOLUTION OF THE BANNING UTILITY AUTHORITY OF THE CITY OF BANNING AMENDING ITS 2014-15 FISCAL BUDGET PER THE MID-YEAR REVIEW RECOMMENDATIONS**

**WHEREAS**, the Banning Utility Authority (Authority) budget for fiscal year 2014-15 has been adopted by this Authority in its original form, and said budget will need to be amended at times to fulfill the goals of the Authority; and

**WHEREAS**, the Authority departments may not exceed appropriations by character of expense, with character of expense being defined as personnel services, services and supplies, capital outlay, debt service and inter-fund transfers, without the consent of the City Manager; and

**WHEREAS**, the Authority may transfer appropriations, between departments and within their respective funds, as long as those appropriations do not exceed their fund total unless approved by Authority; and

**WHEREAS**, the Authority departments may not hire in excess of the approved number of positions in job classification as indicated by the budget detail without the consent of the Authority Board; and

**WHEREAS**, the budget is reviewed during a Mid-Year Review process that results in recommended budget adjustments to reflect unforeseen changes in revenue or expenditure requirements that require Authority Board approval;

**NOW, THEREFORE, BE IT RESOLVED** by the Authority Board of the City of Banning as follows:

Section 1: Authority Board approves the Mid-Year Budget Adjustments for the Authority funds detailed by account number in Exhibit "A".

**PASSED, APPROVED AND ADOPTED** this 14<sup>th</sup> day of April, 2015.
