Mission

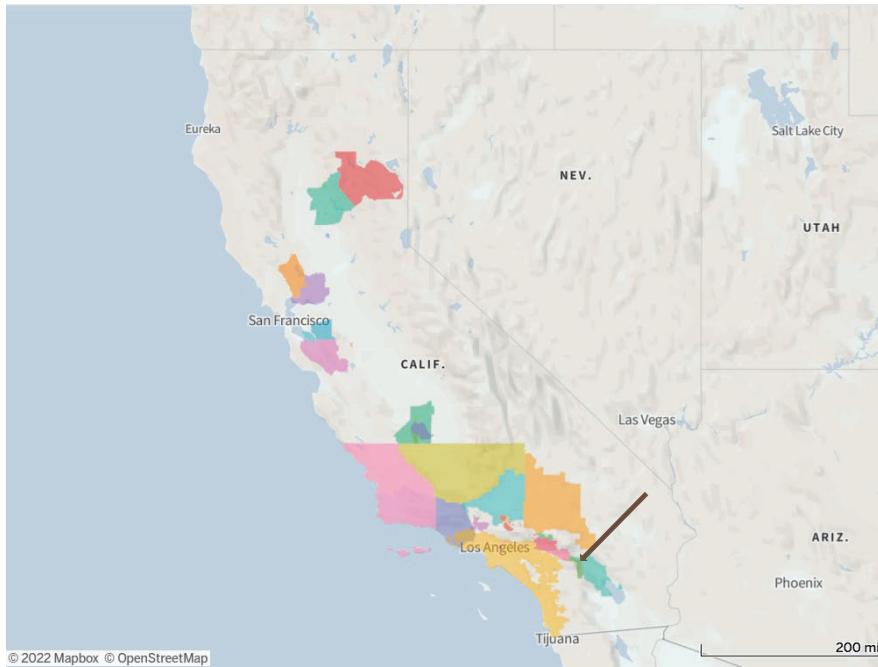

...import supplemental water and to protect and enhance local water supplies for use by present and future water users...

Vision

Bring supplemental water to the region to meet short and long-term needs.

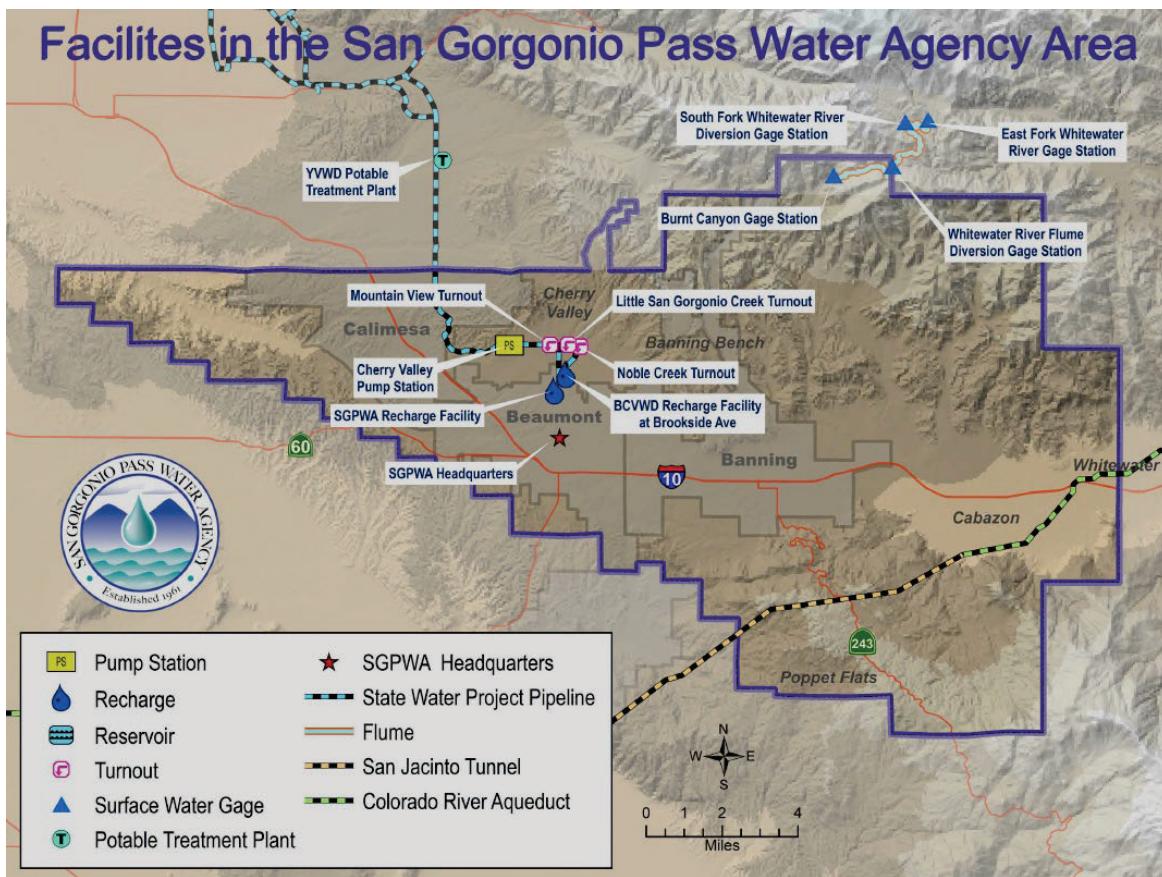

Develop and work from a financial plan to ensure that funding to reach our goals is available.

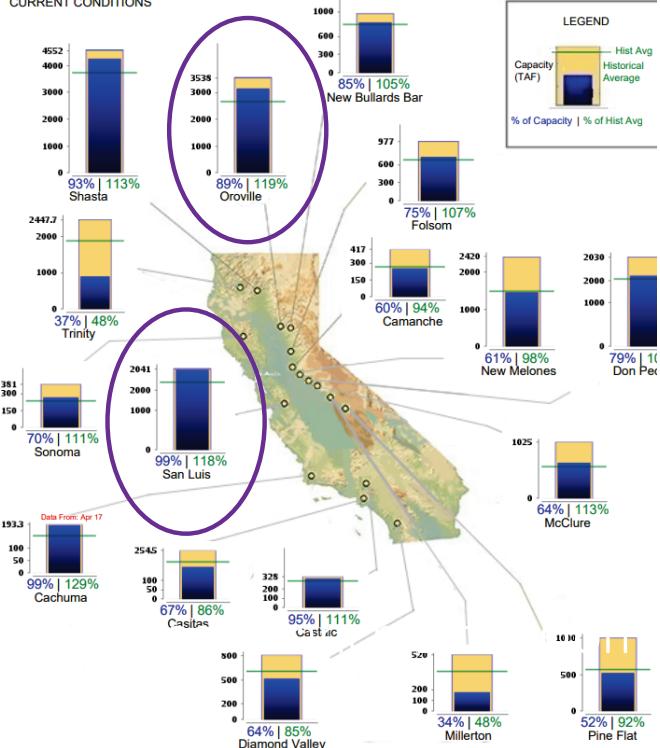

The State Water Project moves water from Northern California to Southern California

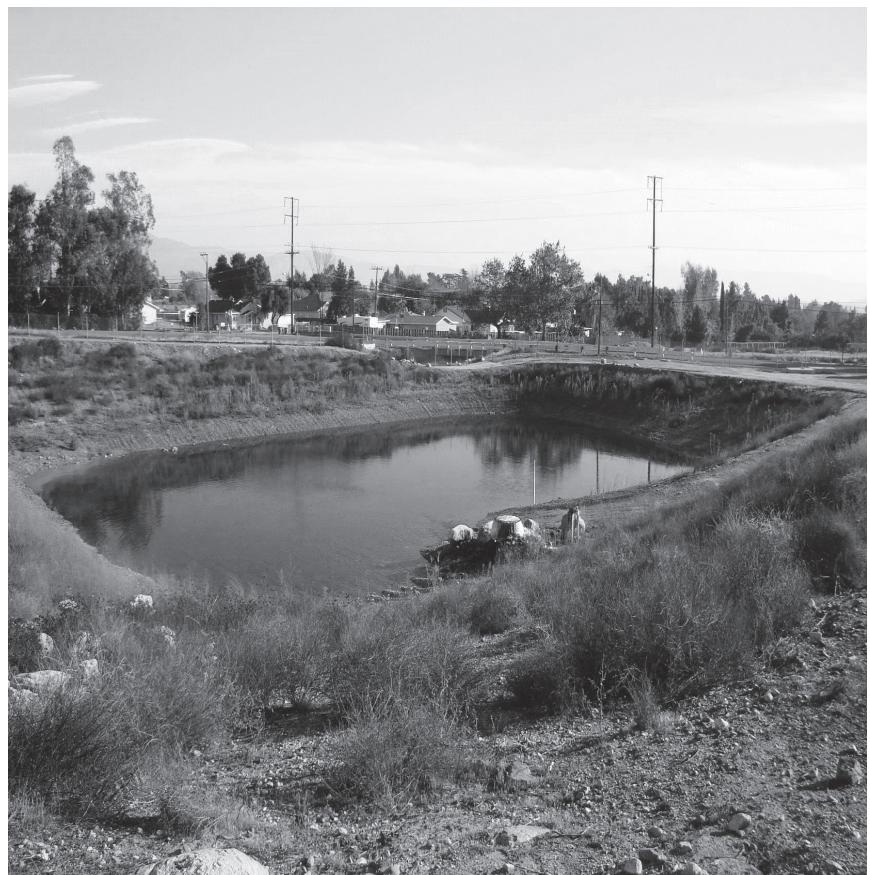

- 29 State Water Contractors
- Capable of moving over 4 million acre-feet per year
- Uses the snowpack from the Sierra's as a "reservoir"
- Provides water for over 23 million people
- Sustains 5th largest world economy
