PUBLIC COMMENTS/CORRESPONDENCE/PRESENTATIONS/APPOINTMENTS

PUBLIC COMMENTS – On Items Not on the Agenda

Henri De Roule resident of Banning and Administration Manager for H.E.L.P. Inc. addressed the Council giving an update of where they are and they have noticed in the last couple of
months that the number of persons that they are serving has sort of leveled out. They are not seeing the dramatic increase that they have seen over the last couple of years and hopefully that is due to things that are happening within Banning and the Pass Area. We will see how the trend goes during the summer but hopefully we've seen the worst of it. As you will recall last year in November and December we were serving over 5,000 people in the Pass Area with about 60% of those from Banning and right now they are at about 4,000 people.

Diego Rose resident of Banning addressed the Council stating that he was here to bring some issues with the hospital to the Council’s attention. He said that he thinks most of the City knows that he has been involved at the hospital for some time. He said that the hospital is planning at this point in time to go back out to taxpayers for an additional $200 million dollars to complete the construction of the hospital and it is problematic for a number of reasons. In 2006 when the bond was passed by the voters in the area the estimates for that project were at $126 million dollars and at that time we were under a contact with Brimm Healthcare who was serving the hospital as a paid consultant. He said he started with the hospital in July 2007 and from that time on he has been a vocal individual in regards to both operations and expenditures at the hospital because it was painfully obvious to him and others that he worked with that there was an extreme amount of waste both in energies in operations and a lack of common sense in regards to the application of where monies were being spent on the expansion of the hospital which was, in part, why he came to the region. It should be noted that since that bond passed we have changed management groups and we are now under the management care of Beaver which is problematic in and of itself because of how that contract was arranged. He said that he can go into specifics and has paperwork to back everything that he can bring forward to the Council’s attention. More concerning than that is the extreme miscalculation on the project as it stands. A project going from $126 million dollars to $326 million dollars should have a red flag some place popping up. It should also be noted that in that time and during that duration Brimm who was the former company and the employees that we employ now have all received substantial raises. Employee’s positions at the hospital have been cut and on top of that employee benefits were cut along with a number of services and as it stands right now San Gorgonio Hospital provide no more services than it did 20 years ago. There are a number of problems that he thinks the Council should at some point in time start to look at.

Mayor Hanna said that actually the hospital is not under our domain in any way, shape or form.

PRESENTATIONS:

1. Inland Empire Resource Conservation District (IERCD)

Mandy Parkes, District Manager of IERCD addressed the Council stating that she was here to present opportunities for partnering between the City and their District. She brought their annual report for the Council to review later if they need additional information. She said that they are a public agency located in the city of Redlands and they have a 7-member appointed Board of Directors that gives their time on a volunteer basis to direct their organization. They are formed under Division 9 of the Public Resources Code and a product of two formerly independent districts – Inland Empire West and East Valley and now are Inland Empire RCD. They work with their Board and collaborate on local levels with multiple agencies to conduct conservation, restoration, education and outreach within their service area. At this time she
started her power-point presentation (see Exhibit “A”). Their service area is quite large and just over 825,000 acres which includes the city of Banning.

Mayor Hanna opened the item for public comment; there were none.

Councilmember Franklin gave a brief presentation on this item stating that there were about 34 vendors, as well as, 798 attendees that were counted. The Expo itself included demonstrations on emergency measures that people can do with everyday items that were provided by the Latter Day Saints Church, water rescue by United Water, utility safety talks by our own Water and Electric Departments, CPR demonstrations and an opportunity to sign up for classes, information from the Burn Center, The Community Preparedness, and CERT (Community Emergency Response Teams) by Serrano Del Vista Community Group. There were a number of vendors selling actual emergency preparedness items. It was an extremely windy day outside so they did not have all the expected vendors that were to be in the outside area but they did have the California Highway Patrol, fire trucks owned by the Hammers and they gave away about 200 bicycle helmets, had a coloring contest supported by the schools and a band volunteered and played during the whole event. The event was hosted by donations from Morongo Band of Mission Indians, The Gas Company, Riverside County Community Action Partnership, Southern California Edison and Supervisor Ashley’s Office. It cost approximately $8,000 to put this event on and no monies came from the City’s General Fund. Their next steps will include NEST (Neighborhood Emergency Services Teams) meetings, community outreach through the elementary schools, and expanding to make it a more regional approach. She thanked everyone who participated and those people on the committees.

PUBLIC HEARINGS

1. Amending the Banning Ordinance Code to Redesignate the Parks and Recreation Committee to a Commission and Amending Section 2.40.030 – Appointment of Members.  
   (Staff Report - Heidi Meraz, Community Services Director)

Director Meraz gave the report on this item. She stated that on February 22, 2011 the City Council adopted the current Parks and Recreation Master Plan and in the Executive Summary of the Plan it was stated that the Parks and Recreation Committee should be changed to a Commission and be established to effectively communicate the needs of the Community Services Department. This change would clearly define the application procedure, appointments, term limits and how absences of commission members are handled. She noted that there is an error in a couple of places in the ordinance in Section 1. A, in regards to the word “Committee” and it will be corrected to “Commission” for the second reading of the ordinance.

Mayor Hanna opened the public hearing on this item and seeing no one come forward she closed the public hearing.

Councilmember Franklin said that because this is parks and recreation she would like the Council to consider having a student possibly as a member of the commission since it is something that impacts them directly.

City Attorney said that if you want it to be an official on-going thing, then you would modify the ordinance and you need to potentially decide whether the person is an ex-officio member so that they are recognized but they are not an official voting member or whether you want it to be a voting position, criteria for the position. do they have to be a high school student, etc. We can go forward with this as it is and if you wanted to have staff look at that issue and make
some suggestions that could be looked at by the Parks and Recreation Commission and come back with a second ordinance amendment.

Councilmember Franklin said that was okay and she would not want to limit it to necessarily high school because we may have college students that might want to be involved.

City Manager said that they would take this to the Parks and Recreation Commission if the Council would like the staff to do that.

There was some Council discussion in regards to having a student as a member of the commission and there was consensus to bring this back after staff does some work on it.

Mayor Hanna asked the City Clerk to read the title of Ordinance No. 1438. City Clerk read: An Ordinance of the City Council of the City of Banning Amending the Banning Ordinance Code to Redesignate the Parks and Recreation Committee to a Commission and Amending Section 2.40-030 – Appointment of Members.

Motion Machisic/Robinson to waive further reading of Ordinance No. 1438. Motion carried, all in favor.

Motion Machisic/Robinson that Ordinance No. 1438 pass its first reading. Motion carried, all in favor.

ANNOUNCEMENTS/REPORTS  (Upcoming Events/Other Items if any)

City Council

Councilmember Robinson -

- Said that he and Mayor Hanna and Patrick Stephens of Information Services attended the launching of the Mt. San Jacinto College's Audio and Video Technology Program called Eaglevision that was designed to train students with real world, real-time experience and they will broadcast classic television shows and movies. The kickoff was held on May 11th and the City of Banning was a key partner in helping to make this a reality offering use of a new education channel viewable on Verizon Fios Channel 45. This is a real opportunity for the students at the college.

Councilmember Franklin –

- She attended the “Spring Picnic with Your Legislators” event last week with Mayor Hanna and City Manager and they did received an update from Supervisor Ashley, Assemblyman Cook and Senator Emmerson and they talked briefly about the budget, as well as, redistricting from the census and we should get a preliminary report in June and a final in August regarding the different districts.
- She attended a Public Engagement Seminar with two staff members and it was very informative about what to do and not do when you are trying to get public input. Some of the do’s were to know that it can take a long time and don’t expect that when you do public engagement it is going to happen overnight and we should be aware that when we do that
we may not get the answer we are expecting so we have to be open to that. Also there is a
difference between an informational meeting and a public engagement meeting.

- She and Council Members Botts and Robinson went to the Riverside County Transportation
  Commission Meeting regarding transit a couple of weeks ago. Most of the comments had
to do with Coachella and there was only one person that was concerned with unmet transit
needs for our area which was having a bus go to Cabazon on Sundays and then one person
was concerned about a bus coming to us from Calimesa and going back to that area.

- She attended the San Gorgonio Memorial Hospital Volunteer Lunch yesterday with the
  Mayor and it was really good to talk to people who have given a number of hours and when
  she added it up it was over 191,000 hours that they have donated to the hospital and that
  was with 98 volunteers and if you add that in terms of volunteer hours at about $20.00 an
  hour that would be over $3 million dollars that has been donated to the hospital in terms of
  just volunteer time.

- Last week she had the opportunity to participate in a poverty simulation and this was done
  across the county and it has been going on across the country and there were about 100
  people who participated and when you went in you were anonymously given a role to play
  in regards to being in poverty. She said she was a 14-year old girl who had a brother who
  was on drugs and had just gotten his girlfriend pregnant and left home and her mother was a
  10th grade dropout who had no job and our father had left the week before and we had
  $10.00 dollars and within an hour we were to try to figure out how we were going to be
  able to maintain our utilities, stay in our apartment and 15 minutes equaled a week. They
  went through everything you had to do which meant dealing with Dept. of Public Social
  Services, Child Protection Services, dealing with jail, the churches and the main thing that
  they found out in doing the whole exercise was that transportation is such a key. You could
  not do a thing if you did not have transportation except go to school. We had a wrap up
  afterwards and most of the people that participated were people who were basically middle
  class and they also had to take a test that asked questions about poverty which most of us
did not know but what we found out was that people had no real concept of how much work
is involved and how much struggle people go through who actually live in poverty and how
frustrating it can be.

- She also attended a Project B.L.I.S.S. Graduation and “Project B.L.I.S.S.” is a Community
  Action Program which is Building Links Impacting Self-Sufficiency and we had a graduate
  who lives here in Banning and she had been living in poverty but she just received her B.A.
  Degree and she is enrolled to get her Masters and she has worked her way through this
  program out of poverty and we also have another family that is starting it. You can see how
  poverty is making a difference for us overall because one of the things we talked about is
  that 38 million people in the United States live in poverty and over 250,000 in Riverside
  alone. So it does have a direct impact not only on the county and the city but we have to
direct so many services to people who live in poverty instead of to enrichment programs
that we would like to do.

Mayor Hanna —

- Said the Banning Playhouse Bowl is having a fundraiser at Canyon Lanes at Morongo on
  Saturday, June 11th at 10:00 a.m. and you can play three games for $25.00 and you can get
  more information at banningplayhousebowl.com. Along with that the free summer concert
  series will be starting every Thursday in August and we are seeking sponsors and donors
  for this event.
Report by City Manager

- We will be receiving about $114,000 in reimbursement from FEMA and this was due to the big rains we had where the upper part of our water dykes were broken.
- The traffic signal at Ramsey Street and San Gorgonio Avenue is now on the loop and it is more on demand as opposed to timing.
- May 26th is the Law Enforcement Appreciation Dinner at 6:00 p.m. in Riverside.
- In regards to the courthouse area you will see some fencing going up to keep people from going into the area. Also the Council knows but some people haven’t heard that Treasurer Lockyer chose not to do Spring bond sales and they need to do bond sales for most prisons and for current courthouses in California and they will be doing those hopefully in the fall. It is a matter of when he is going to sell the bonds. As soon as he sells the bonds, then the courthouse will begin construction at that point in time.
- We are looking for a date to have a meeting regarding strategic goals and asked if June 21st would be okay to have this meeting. **There was Council consensus to have a meeting on June 21st.**
- The auction of the San Gorgonio Inn items will be held at 2:00 p.m. on Wednesday, May 25th in the metal building where West Coast Electric was located. You can check the City’s website and there is a list of items along with some pictures.

CITY COUNCIL

DATE:       June 14, 2011

TO:         City Council

FROM:       Duane Burk, Director of Public Works

SUBJECT:    Amend the Existing Contract with Synagro West, LLC

RECOMMENDATION: Amend the existing contract with Synagro, West, LLC for sludge removal/hauling services for an additional amount of $15,000.00.

JUSTIFICATION: The removal/hauling costs under the current contract exceed $25,000.00 requiring additional funds to complete the removal of the sludge.

BACKGROUND: To comply with EPA regulations the removal of treated dry sludge is necessary once the Wastewater Treatment Plant exceeds 400 tons to prevent quarterly testing of sludge. The City budgets the amount of $25,000.00 every fiscal year for the hauling and the disposal of the sludge. The amount in the annual agreement with Synagro has been exhausted with remaining sludge to be removed. Due to the heavy rains this season the sludge is wet and becomes heavier when weighed. There is approximately 262 tons of wet sludge remaining to be hauled. Staff is estimating that an additional $15,000.00 will suffice for Fiscal Year 2010-11.

FISCAL DATA: The approval of the amendment in the amount of $15,000.00 would make the new contract price $40,000.00. Funds are available in FY 2010-11 Waste Water Division Operation Budget, Account No. 680-8000-454-2336.

CITY COUNCIL AGENDA

Date: June 14, 2011
To: Honorable Mayor and City Council
From: Fred Mason, Electric Utility Director
Subject: Resolution No. 2011-48, Awarding the Bid for the Lighting Retrofit at City Hall

RECOMMENDATION: Adopt Resolution No. 2011-48, awarding the bid for the Lighting Retrofit at City Hall to Regency-Pacific Development Corp ("Regency"), of Beaumont, California, in the amount not to exceed $22,075.00 (Twenty-two thousand seventy five dollars) including taxes.

JUSTIFICATION: The lighting retrofit at City Hall is essential to ensure the energy efficiency of the City’s facilities and to qualify for the Energy Efficiency Conservation Block Grant money available to offset these costs.

BACKGROUND: On December 8, 2009 City Council passed Resolution No. 2009-108, approving the application for Energy Efficiency and Conservation Block Grant ("EECBG") funds available through the California Energy Commission’s ("CEC") EECBG Program. The City was notified by the CEC that it was being allotted funds for qualified energy efficiency conservation programs through the EECBG. Staff searched for areas within the City facilities that qualified for the EECBG and would provide a substantial energy savings. The lighting at City Hall has been determined to be inefficient due to improvements in lighting technology.

The complete cost for this project will be covered through the EECBG and the Public Benefits Program rebates.

Staff solicited bids for the lighting retrofit at City Hall and received four bid proposals. The four proposals were submitted by:

1. Avram Electric, Corona, Ca at $35,200.00
2. Lighting Technology Services, Santa Ana, Ca at $42,044.70
3. Pacific Lighting Management, Santa Ana, Ca at $33,760.32
4. Regency-Pacific Development Corp, Beaumont, Ca at $22,075.00

The proposals were evaluated by staff and it was determined that Regency’s proposal best meets the requirements of the City and is the lowest responsible bidder.

Resolution 2011-48
**FISCAL DATA:** Funds for the lighting retrofit are available as such: $17,375.00 through the Energy Efficiency Conservation Block Grant, and $4,700.00 through the Public Benefits Rebate Program.

Reso. No. 2011-50
CITY COUNCIL AGENDA

Date: June 14, 2011

TO: Mayor and City Council Members

FROM: June Overholt, Administrative Services Director / Deputy City Manager

SUBJECT: Adopt Resolution approving amendments to the Administrative Policy B-21 to include the “Fund Balance policy for the General Fund” and Adopt resolution Approving The City of Banning General Fund Emergency Contingency Commitment of Fund Balance for the General Fund.

RECOMMENDATION:
Council adopt Resolution No. 2011-57 approving amendments to Administrative policy B-21 regarding various budget and fiscal related policies including the “Fund Balance policy for the General Fund”

Council adopt Resolution No. 2011-56 approving the City of Banning General Fund Emergency Contingency commitment of fund balance for the General Fund.

ANALYSIS:
In 2001, Council adopted Administrative Policy B-21. Each year the policy is updated and included in the budget document. The policy addresses operations, capital improvements, revenues, debt management, available fund balance reserves and more. The policy needs to be updated to reflect new requirements for reporting fund balance and to make minor edits to reflect changes in current procedures.

The Governmental Accounting Standards Board (GASB) has issued Statement 54 (GASB 54), Fund Balance Reporting and Governmental Fund Type Definitions, that changes the categories and terminology used to describe the components of fund balance. The requirements of this statement are intended to improve financial reporting by providing fund balance categories and classifications that will be more easily understood. During the most recent audit presentation and midyear presentation, a brief overview of the requirement was presented.

The GASB’s initial intent in developing this new standard was to clarify the relationship between the reserved fund balances reported in governmental funds and the restricted net assets reported in the government-wide statements required by GASB Statement 34. It became clear to the GASB that fund balance reporting guidance was interpreted and applied inconsistently, resulting in fund balance information that is not easily understood by financial statement users. The GASB concluded that it was necessary to redefine fund balance classifications in order to improve the clarity and usefulness of fund balance information presented in the financial statements.

The City is required to implement GASB 54 for Fiscal Year 2010-11. This must be accomplished before June 30, 2011. Part of the implementation requirement is the formal adoption of a fund
balance policy. Since the City already has a policy, the existing policy has been updated to reflect the GASB 54 requirements.

The policy explains the applicable components of the fund balance and formally delegates authority for the assignment of fund balance for specific purposes that will be included in the annual financial statements. The GASB requires the formal delegation of authority. By approval of the resolution, the City Manager or Deputy City Manager will have this authority.

GASB 54 implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. Not all of these classifications will be needed in every governmental fund. The five classifications are described below and where applicable in the policy:

- **Nonspendable**: That portion of a fund balance that includes amounts that cannot be spent because they are either (a) not in a spendable form, such as prepaid items, inventories of supplies, or loans receivable; or (b) legally or contractually required to be maintained intact, such as the principal portion of an endowment. *This category was traditionally reported as a "reserved" fund balance under the old standard.*

- **Restricted**: That portion of a fund balance that reflects constraints placed on the use of resources (other than nonspendable items) that are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. *This category was traditionally reported as a "reserved" fund balance under the old standard.*

- **Committed**: That portion of a fund balance that includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision making authority (the City Council), and remain binding unless removed in the same manner. *This category was traditionally reported as a "designated" fund balance under the old standard.*

- **Assigned**: That portion of a fund balance that includes amounts that are constrained by the government’s intent to be used for specific purposes, but that are neither restricted nor committed. Such intent needs to be established at either the highest level of decision making, or by an official designated for that purpose (the City Manager or Deputy City Manager). *This category was traditionally reported as a "designated" fund balance under the old standard.*

- **Unassigned**: That portion of a fund balance that includes amounts that do not fall into one of the above four categories. The General Fund is the only fund that should report this category of fund balance. *This category was traditionally reported as "undesignated" fund balance under the old standard.*

The existing policy states that a minimum ‘reserve equal to 10% of the upcoming fiscal year’s budgeted operational appropriations’ shall be maintained. In the past audited financial statements this has been shown under the “designated” heading within fund balance and within the line item “working capital”. The existing policy does not meet the requirements of the standard. In order for the emergency contingency to be reflected as a committed balance, the GASB 54 requires that the City Council formally commit the amount (not a percentage) of fund balance to be set aside specifically for emergency contingencies.
GASB 54 describes emergency reserves as stabilization arrangements. GASB 54 defines stabilization arrangements, or “rainy-day” funds, as formal arrangements to maintain amounts for budget or revenue stabilization, working capital needs, contingencies or emergencies, and other similar purposes. The statement provides that resources accumulated pursuant to a stabilization arrangement may be classified as restricted or committed fund balance only if the constraints on these amounts meet the criteria for the amounts to be reported as restricted or committed fund balance and only if the circumstances in which the resources may be spent are both specific and non-routine. Stabilization arrangements that do not meet the requirements to be reported as restricted or committed fund balance must be reported as unassigned fund balance. The standard specifically provides that stabilization arrangements may never be reported as assigned fund balance.

In order to meet the criteria of committed fund balance, a resolution is needed that defines the emergency contingency as a specific amount and for a specific purpose. The resolution defines that amount as $3,000,000. This amount is approximately 23% (or approximately 3 months of operating cash flow) of the proposed General Fund budgeted expenditures for Fiscal year 2011-12. The amount was determined based on available fund balance and the intent to establish strong reserves. The amount can be adjusted at Council direction. The new policy defines a General Fund Emergency Contingency as follows:

The City’s General Fund balance committed for emergency contingencies is established at $3,000,000. The Emergency Contingency is reserved for economic uncertainties, local disasters, recession or other financial hardships; to subsidize unforeseen operating or capital needs; and for Cash flow requirements. The City Council may, by the affirming vote of three members, change the amount of this commitment and/or the specific uses of these monies.

FISCAL IMPACT:
There is no direct fiscal impact of implementing GASB Statement No 54. The amounts reported as the total fund balance in any given fund are not altered. Only the reporting of the individual components that make up total fund balance is changed. These new classifications are required to be used on external formal financial reporting documents, such as the Comprehensive Annual Financial Report (CAFR). For budget purposes, the “Assigned” and “Unassigned” fund balance will be shown in the beginning available resources.

Reso. No. 2011-57
City of Banning

BUDGETARY AND FISCAL POLICIES

I. Philosophy

To maintain a financially viable City that can provide an adequate level of municipal services and to ensure a stable and diverse financial condition of the City through budgeting and fiscal policies.

II. Methods

OPERATIONAL POLICIES

1. The City will maintain a budgetary control system to ensure compliance with the budget. The City will prepare monthly status reports comparing actual revenues and expenditures to budgeted amounts. Where practical, the City will develop performance measures to be included in the operating budget.

2. The City will provide for adequate maintenance of capital plant and equipment and for the orderly replacement thereof.

3. The City will project its equipment replacement and maintenance needs for the next several years and will update this projection each year. For this projection, a maintenance and replacement schedule will be developed and followed.

4. During the budget process, the City will reassess services and service levels. Staff may seek citizen input by surveys, citizen’s forums and similar methods to accomplish this evaluation.

5. The City will strive to maintain all of its assets at an adequate level in order to protect the City’s capital investment and to minimize future maintenance and replacement costs.

CAPITAL IMPROVEMENT POLICIES

1. Capital improvements are to be funded primarily by user fees, service charges, assessments, special taxes or developer agreements when benefits can be attributed to users of the facility.

2. The City will require that project costs and related funding be submitted with requested capital projects. “Full life” costs including operating, maintenance and demolition, if any, should be identified.

3. Although the City will strive to finance projects on a pay-as-you-go basis, the City Council may conclude, based on a study of the economy and other matters, that the most equitable way of financing a project that benefits the entire community would be debt financing (pay-as-you-use) in order to provide the services in a timely manner. The City will use the
City of Banning

BUDGETARY AND FISCAL POLICIES

following criteria to evaluate the use of long-term financing and pay-as-you-go funding for capital projects:

Factors favoring pay-as-you-go
- current revenues and excess reserves are available or project phasing can be accomplished.
- debt levels adversely affect credit rating.
- market conditions are unstable or marketing difficulties exist.

Factors favoring long-term financing
- revenues available for debt service are determined to be sufficient and reliable to provide funding for long-term financing which can be marketed with investment grade credit ratings.
- the facility securing the financing is of the type that will support an investment grade credit rating.
- market conditions present favorable interest rates and demand for City financing.
- a project is mandated by state and/or federal requirements and current revenues or fund surplus balances are insufficient.
- the facility is immediately required to meet or relieve capacity needs.
- the life of the asset financed is ten years or longer.

REVENUE POLICIES

1. The City will strive to maintain a diversified revenue system to protect it from short-run fluctuations in any one revenue source.

2. State and Federal funds may be utilized, but only when the City can be assured that the total costs and requirements of accepting funds are known and judged not to adversely impact the City’s General Fund.

3. The City, where allowed by law, will review all fees for licenses, permits, fines, utility user fees and other miscellaneous charges on a periodic basis. They will be adjusted as necessary after considering inflation, processing time, expenses to the City and any other factors pertinent to the specific item. A regular review and implementation of index escalators will be applied wherever authorized by resolution or ordinance.

4. An administrative fee will be charged where allowed by law for administrative services, provided the fee is based on the reasonable estimated costs incurred.

5. All proposed projects will have a detailed capital budget specifying total costs and total revenues, and shall identify the source of proposed revenues.

DEBT MANAGEMENT POLICIES

Page 2
City of Banning

BUDGETARY AND FISCAL POLICIES

1. The City will not use long-term debt to finance current operations. Long-term borrowing will be confined to capital improvements or similar projects with an extended life which cannot be financed from current revenues.

2. Debt payments shall not extend beyond the estimated useful life of the project being financed. The City will try to keep the average maturity of bonded debt at or below 20 years.

3. The City will maintain good communications with bond rating agencies concerning its financial condition.

4. The City may utilize lease purchasing with specific approval of the City Manager. The useful life of the item must be equal to or greater than the length of the lease. A lease purchase will require City Council approval beyond a five-year lease term or principal amount over the City Manager’s authorized contract level.

5. The City will not obligate the General Fund to secure financing unless the marketability of the issue will be significantly enhanced.

6. A feasibility analysis shall be prepared for each request for long-term financing which analyzes the impact on current and future fiscal year budgets for debt service and operations. The analysis shall also address the reliability of revenues supporting annual debt service.

7. The City shall conduct financing on a competitive basis unless, for reasons of market volatility, the use of an unusual financing structure or a complex security structure indicates the negotiated financing is preferred.

8. The City will monitor all forms of debt on an annual basis and report concerns or suggested restructuring, if any, to the City Council as part of the budget hearing process.

9. Enterprise and Property owner based financing will only be issued under the assumption that the issue is self-supporting from user fees and charges, assessments and special taxes without impacting the General Fund.

10. The City’s minimum acceptable rating objective on any direct debt is “Baa/BBB”. Appropriate credit enhancements, such as insurance or letters of credit shall be considered for marketing purposes, availability and cost effectiveness.

11. The City shall diligently monitor its compliance with bond covenants and ensure its compliance with federal arbitrage regulations.
12. The City may issue interfund loans rather than outside debt instruments. Interfund loans will be permitted only if an analysis of the lending fund indicates excess funds are available, and the use of these funds will not impact the fund's current operations. The average annual interest rate, as established by the Local Agency Investment Fund (LAIF), will be paid to the lending fund.

**GENERAL FUND BALANCE RESERVE POLICY**

This Fund Balance Policy establishes the procedures for reporting unrestricted fund balance in the General Fund financial statements. Certain commitments and assignments of fund balance will help ensure that there will be adequate financial resources to protect the City against unforeseen circumstances and events such as revenue shortfalls and unanticipated expenditures. The policy also authorizes and directs the Finance Director to prepare financial reports which accurately categorize fund balance as per Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions.

**PROCEDURES**

Fund balance is essentially the difference between the assets and liabilities reported in a governmental fund. There are five separate components of fund balance, each of which identifies the extent to which the City is bound to honor constraints on the specific purpose for which amounts can be spent.

- Nonspendable fund balance *(inherently nonspendable)*
- Restricted fund balance *(externally enforceable limitations on use)*
- Committed fund balance *(self-imposed limitations on use)*
- Assigned fund balance *(limitation resulting from intended use)*
- Unassigned fund balance *(residual net resources)*

The first two components listed above are not addressed in this policy due to the nature of their restrictions. An example of nonspendable fund balance is inventory. Restricted fund balance is either imposed by law or constrained by grantors, contributors, or laws or regulations of other governments. This policy is focused on financial reporting of unrestricted fund balance, or the last three components listed above. These three components are further defined below.

**Committed Fund Balance**

The City Council, as the City's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use through the same type of formal action taken to establish the commitment. City Council action to commit fund balance needs to occur within the fiscal reporting period; however, the amount can be determined subsequently.

- General Fund Emergency Contingency
City of Banning

BUDGETARY AND FISCAL POLICIES

The City’s General Fund balance committed for emergency contingencies is established at $1,350,000. The Emergency Contingency is reserved for economic uncertainties, local disasters, recession or other financial hardships; to subsidize unforeseen operating or capital needs; and for Cash flow requirements. The City Council may, by the affirming vote of three members, change the amount of this commitment and/or the specific uses of these monies.

Assigned Fund Balance

Amounts that are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed, should be reported as assigned fund balance. This policy hereby delegates the authority to assign amounts to be used for specific purposes to the Administrative Services Director for the purpose of reporting these amounts in the annual financial statements. A few examples of assigned fund balance follow.

- Continuing Appropriations
  Fund balance levels must be sufficient to meet funding requirements for projects approved in prior years and which must be carried forward into the new fiscal year.

- Debt Service
  Established to provide for future debt service obligations.

Unassigned Fund Balance

These are residual positive net resources of the general fund in excess of what can properly be classified in one of the other four categories.

Fund Balance Classification

The accounting policies of the City consider restricted fund balance to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. Similarly, when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used, the City considers committed amounts to be reduced first, followed by assigned amounts and then unassigned amounts. This policy is in place to provide a measure of protection for the City against unforeseen circumstances and to comply with GASB Statement No. 54. No other policy or procedure supersedes the authority and provisions of this policy.

AVAILABLE FUND BALANCE RESERVE POLICIES

1. Each fund shall maintain, if necessary, an appropriate Available Fund Balance reserve to fund prior year’s incomplete capital projects, continuing appropriations, cash flow needs and any other financial need not included in the current fiscal year budget.

2. The Water and Wastewater enterprise operational funds shall maintain a minimum Available Fund Balance reserve of 10% of the upcoming fiscal year’s total operating appropriations and debt service payments.
City of Banning

BUDGETARY AND FISCAL POLICIES

3. The Electric enterprise operational fund shall maintain a minimum Available Fund Balance reserve of 10% of the upcoming fiscal year’s total operating appropriations and debt service payments. The Available Fund Balance for the Electric Rate Stability Fund shall be maintained at a minimum of 20% of the upcoming fiscal year’s total operating appropriations and debt service payments.

4. The Self-Insurance Fund shall maintain a $500,000 minimum Available Fund Balance reserve which is in excess of the estimated loss reserve as reported at the end of the fiscal year by the City’s claims administrator.

ELECTRIC ADMINISTRATIVE TRANSFER POLICY

1. The Electric Operation’s fund administrative transfer to the General Fund for FY 2010-11 and FY 2011-12 is authorized at 10% of metered sales. The rate will be reviewed by the City Council during the budget process.

BUDGET AND BUDGETARY ACCOUNTING POLICIES

The City uses the following procedures in establishing the budget:

1. Before the beginning of the two year budget cycle, the City Manager submits to the City Council a proposed budget commencing July 1.

2. A budget workshop(s) is conducted every two years or as needed to obtain citizen comments.

3. The budget is subsequently adopted through passage of a resolution.

For a given fiscal year, all appropriations are as originally adopted or as amended by the City Council. At year end, all unencumbered budgeted amounts lapse at year-end subject to requests for continuing appropriations. Outstanding encumbrances will be carried forward into the new fiscal year with City Manager approval.

4. Continuing Appropriations requests and Authorized Capital Projects are approved by the City Council after the adoption of the original budget. The original budget is then adjusted accordingly.

5. The legal level of budgetary control is at the fund level. A Department Head may transfer budget appropriations within a major category in a department or fund under his authority. The City Manager’s approval must be obtained when a budget appropriation transfer request moves from one major appropriation category to another within a department.
City of Banning

BUDGETARY AND FISCAL POLICIES

6. The City Council may, at any time, amend the budget or delete appropriations, transfer between appropriations within a fund or change appropriation transfers between funds.

ACCOUNTING, AUDITING & FINANCIAL REPORTING POLICIES

1. The City's accounting and financial reporting system will be maintained in conformance with generally accepted accounting principles and standards of the Government Accounting Standards Board.

2. Accounts payables warrant registers and payroll totals will be submitted to the City Council monthly for review and ratification.

3. Quarterly financial reports will be submitted to the City Council for review.

4. An annual audit will be performed by an independent public accounting firm with the subsequent issue of general-purpose financial statements.

5. The Administrative Services Director will annually submit an investment policy to the City Council for review and approval.

In the event the Contractor has initiated termination, the Contractor shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder, but not exceeding the compensation provided therefore in the Schedule of Compensation Attachment B. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Riverside, State of California.
7.2 **Disputes; Default.** In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under this Article.

7.3 **Legal Action.** In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.4 **Termination Prior to Expiration of Term.** This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days’ written notice to Contractor, except that where termination is due to the fault of the Contractor, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Contractor reserves the right to terminate this Contract at any time, with or without cause, upon sixty (60) days’ written notice to Agency, except that where termination is due to the fault of the Agency, the period of notice may be such shorter time as the Contractor may determine. Upon receipt of any notice of termination, Contractor shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Contractor has initiated termination, the Contractor shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer. In the event the Contractor has initiated termination, the Contractor shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder, but not exceeding the compensation provided therefore in the Schedule of Compensation Attachment B. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.5 **Termination for Default of Contractor.** If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City
may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

8. MISCELLANEOUS

8.1 Covenant Against Discrimination. Contractor covenants that, by and for itself, its heirs, executors, assigns and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color creed, religion, sex, marital status, national origin, or ancestry in the performance of this Agreement. Contractor shall take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color creed, religion, sex, marital status, national origin, or ancestry.

8.2 Non-liability of City Officers and Employees. No officer or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount, which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

8.3 Notice. Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer, at City of Banning City Hall, 99 East Ramsey Street, Banning, CA 92220 and in the case of the Contractor, to the person at the address designated on the execution page of this Agreement.

8.4 Integration; Amendment. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. This Agreement may be amended at any time by the mutual consent of the parties by an instrument in writing.

8.5 Severability. In the event that part of this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

8.6 Waiver. No delay or omission in the exercise of any right or remedy by non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

8.7 Attorneys' Fees. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this
Agreement, the prevailing party in such action or proceeding, in addition to any other relief which any be granted, whether legal or equitable, shall be entitled to reasonable attorney’s fees, whether or not the matter proceeds to judgment.

8.3 **Corporate Authority.** The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound.
IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date and year first-above written.

6.2 Reports. Contractor shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement or as the Contract Officer shall require.

7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law. This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Riverside, State of California.
7.2 Disputes: Default. In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under this Article.

7.3 Legal Action. In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.4 Termination Prior to Expiration of Term. This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days' written notice to Contractor, except that where termination is due to the fault of the Contractor, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Contractor reserves the right to terminate this Contract at any time, with or without cause, upon sixty (60) days' written notice to Agency, except that where termination is due to the fault of the Agency, the period of notice may be such shorter time as the Contractor may determine. Upon receipt of any notice of termination, Contractor shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Contractor has initiated termination, the Contractor shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer. In the event the Contractor has initiated termination, the Contractor shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder, but not exceeding the compensation provided therefore in the Schedule of Compensation Attachment B. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.5 Termination for Default of Contractor. If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City
may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

8. MISCELLANEOUS

8.1 Covenant Against Discrimination. Contractor covenants that, by and for itself, its heirs, executors, assigns and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color creed, religion, sex, marital status, national origin, or ancestry in the performance of this Agreement. 8.3 Notice. Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer, at City of Banning City Hall, 99 East Ramsey Street, Banning, CA 92220 and in the case of the Contractor, to the person at the address designated on the execution page of this Agreement.

8.4 Integration; Amendment. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. This Agreement may be amended at any time by the mutual consent of the parties by an instrument in writing.

8.5 Severability. In the event that part of this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

8.6 Waiver. No delay or omission in the exercise of any right or remedy by non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. A party’s consent to or approval of any act by the other party requiring the party’s consent or approval shall not be deemed to waive or render unnecessary the other party’s consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

8.7 Attorneys’ Fees. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this
Agreement, the prevailing party in such action or proceeding, in addition to any other relief which any be granted, whether legal or equitable, shall be entitled to reasonable attorney’s fees, whether or not the matter proceeds to judgment.

8.8 Corporate Authority. The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound.
IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date and year first-above written.

Sub-contractor charges shall also be detailed by such categories.

City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within forty-five (45) days of receipt of Contractor's correct and undisputed invoice. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

2.3 Additional Services. City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Contractor, incorporating therein any adjustment in (i) the Contract Sum, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Contractor. Any increase in compensation of up to ten percent (10%) of the Contract Sum, but not exceeding a totally contract amount of $25,000 or in the time to perform

If the Services are being performed as part of an applicable "Public Works" or "Maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. Contractor shall determine the applicable prevailing rates and make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the project site. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. The provisions of this Section may be waived in Attachment A if inapplicable to the serves provided hereunder.

3.3 **Force Majeure.** The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the Agency, if the Contractor shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer’s determination shall be final and conclusive upon the parties to this Agreement. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Contractor’s sole remedy being extension of the Agreement pursuant to this Section.

3.4 **Inspection and Final Acceptance.** City may inspect and accept or reject any of Contractor’s work under this Agreement, either during performance or when completed.
City shall reject or finally accept Contractor's work within forth five (45) days after submitted to City. City shall accept work by a timely written acceptance, otherwise work shall be deemed to have been rejected. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Article 5, pertaining to indemnification and insurance, respectively.

3.5 Term. Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding one (1) years from the date hereof, except as otherwise provided in the Schedule of Performance (Attachment "C").

7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law. This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Riverside, State of California.
7.2 Disputes: Default. In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under this Article.

7.3 Legal Action. In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.4 Termination Prior to Expiration of Term. This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days’ written notice to Contractor, except that where termination is due to the fault of the Contractor, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Contractor reserves the right to terminate this Contract at any time, with or without cause, upon sixty (60) days’ written notice to Agency, except that where termination is due to the fault of the Agency, the period of notice may be such shorter time as the Contractor may determine. Upon receipt of any notice of termination, Contractor shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Contractor has initiated termination, the Contractor shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer. In the event the Contractor has initiated termination, the Contractor shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder, but not exceeding the compensation provided therefore in the Schedule of Compensation Attachment B. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.5 Termination for Default of Contractor. If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City
may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

8. MISCELLANEOUS

8.1 Covenant Against Discrimination. Contractor covenants that, by and for itself, its heirs, executors, assigns and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color creed, religion, sex, marital status, national origin, or ancestry in the performance of this Agreement. 8.3 Notice. Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer, at City of Banning City Hall, 99 East Ramsey Street, Banning, CA 92220 and in the case of the Contractor, to the person at the address designated on the execution page of this Agreement.

8.4 Integration; Amendment. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. This Agreement may be amended at any time by the mutual consent of the parties by an instrument in writing.

8.5 Severability. In the event that part of this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

8.6 Waiver. No delay or omission in the exercise of any right or remedy by non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

8.7 Attorneys' Fees. If either party to this Agreement is required to initiate or defend or make a party to any action or proceeding in any way connected with this
Agreement, the prevailing party in such action or proceeding, in addition to any other relief which any be granted, whether legal or equitable, shall be entitled to reasonable attorney’s fees, whether or not the matter proceeds to judgment.

8.8 **Corporate Authority.** The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound.
IN WITNESS WHEREOF, the parties hereto have executed this Agreement on
the date and year first-above written.

Ace Weed Abatement, Inc. is a company that specializes in weed abatement, clean-ups, board-ups, demolition, pool pumps, as well as other property maintenance. We currently serve many agencies including the following Cities; Menifee, Hemet, Murrieta, Grand Terrace, Rancho Cucamonga, Wildomar as well as the County of San Bernardino and the County of Riverside. We perform weed and nuisance abatement for these areas and also serve over 700 private customers and developers.

As a weed abatement company we constantly strive to give more service and better service than anyone else in the industry. In doing so, we have raised the bar so much so that in most areas very few can compete. We have a reputation of entering an area and completing the task set forth for weed abatement in less than 10 business days, so that a City can protect themselves from potential fire hazards rapidly. For example, we completed the City of Hemet’s 225 parcels in 8 days, processed paperwork and turned in billing on the 11th day. City is done.

Ace Weed Abatement, Inc. has experience with the City of Banning and we are knowledgeable of the area, terrain and work required to serve your city. Because of our experience we are aware that additional services may be required beyond disking and weed eating. For you convenience, attached is a supplemental schedule of fees for additional services available to assist in fulfilling and completing necessary weed abatements.
Enclosed is our signed contract service agreement for Ace Weed Abatement, Inc. We would like to thank you for the opportunity to bid on your weed abatement needs and look forward to working with the City of Banning.

Sincerely,

Charles Maciel, President

In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.5 **Termination for Default of Contractor.** If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City
may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

8. MISCELLANEOUS

8.1 Covenant Against Discrimination. Contractor covenants that, by and for itself, its heirs, executors, assigns and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color creed, religion, sex, marital status, national origin, or ancestry in the performance of this Agreement. No officer or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount, which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

8.3 Notice. Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer, at City of Banning City Hall, 99 East Ramsey Street, Banning, CA 92220 and in the case of the Contractor, to the person at the address designated on the execution page of this Agreement.

A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

8.7 Attorneys' Fees. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this
Agreement, the prevailing party in such action or proceeding, in addition to any other relief which any be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees, whether or not the matter proceeds to judgment.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound.

BLANKET ADDITIONAL INSURED ENDORSEMENT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

With respect to this endorsement, SECTION II—WHO IS AN INSURED is amended to include as an additional insured any person or organization whom you are required to add as an additional insured on this policy under a written contract, written agreement or written permit which must be:

a. Currently in effect or becoming effective during the term of the policy; and

b. Executed prior to the “bodily injury,” “property damage,” or “personal and advertising injury.”

The insurance provided to these additional insureds is limited as follows:

1. That person or organization is an additional insured only with respect to liability for “bodily injury,” “property damage” or “personal and advertising injury” caused, in whole or in part, by:
   a. Your acts or omissions; or
   b. The acts or omissions of those acting on your behalf.

A person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

2. With respect to the insurance afforded to these additional insureds, the following exclusions are added to item 2. Exclusions of SECTION I—COVERAGES:

   This insurance does not apply to “bodily injury,” “property damage” or “personal and advertising injury” occurring after:

   a. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

   b. That portion of “your work” out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

3. The limits of insurance applicable to the additional insured are those specified in the written contract, written agreement or written permit or in the Declarations for this policy, whichever is less. These limits of insurance are inclusive of, and not in addition to, the Limits of Liability shown in the Declarations for this policy.

4. Coverage is not provided for “bodily injury,” “property damage,” or “personal and advertising injury” arising out of the sole negligence of the additional insured.

5. The insurance provided to the additional insured does not apply to “bodily injury,” “property damage,” or “personal and advertising injury” arising out of an architect's, engineer's or surveyor's rendering of or failure to render any professional services including:
a. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and

b. Supervisory, inspection, architectural or engineering activities.

6. Any coverage provided hereunder will be excess over any other valid and collectible insurance available to the additional insured whether primary, excess, contingent or on any other basis unless a written contract specifically requires that this insurance be primary.

When this insurance is excess, we will have no duty under SECTION I—COVERAGES to defend the additional insured against any "suit" if any other insurer has a duty to defend the additional insured against that "suit." If no other insurer defends, we will undertake to do so, but we will be entitled to the additional insured's rights against all those other insurers.

Inland Empire Property Services, Inc. specializes in property maintenance that consists of weed abatement as well as nuisance abatement that includes but is not limited to clean-ups, board-ups, light grading, demolitions of structures, pool pumps, graffiti removal and erosion control. If you have a property and it needs service we can do it.

Inland Empire Property Services, Inc. has set the standards in most of the areas that we service. We go the extra mile and strive to outperform our competition by providing more service and better service to our clients which allows a community to serve its public effectively.

Inland Empire Property Services, Inc. is the current contractor for the following Cities: Temecula, Moreno Valley, Rancho Cucamonga, Yucaipa, Ontario, the City of Riverside, the County of Riverside and the County of San Bernardino and also serve 500 private customers and developers.

Inland Empire Property Services, Inc. was a previous contractor for the City of Banning. We were contracted for approximately 6 years during the time of Ted Yarborough and Sam Serrano. Our past experience with the City of Banning gives us the knowledge of the area, the terrain and what is required to serve your city.
In the past, Inland Empire Property Services, Inc. has provided and performed other services to the City of Banning for weed abatement beyond disking and weed eating. In 2008-2009 we performed dozer work on certain parcels due to the rocky and rough terrain. Because of our experience with Banning, there are certain areas and parcels that we may recommend the use of a dozer to clear the weeds because of the terrain. By using a dozer it will scrape the surface of weeds and will provide a cleaner finished parcel for the current year. Please note that it will only be our recommendation to the Fire Chief, and it is at his discretion what, if any, additional services are performed. For your convenience, attached is a supplemental schedule of fees for additional services available beyond what is listed in the contract.

Enclosed is our signed contract service agreement for Inland Empire Property Services, Inc. We would like to thank you for the opportunity to bid on the City of Banning weed abatement needs and look forward to providing you with our services.

Sincerely,

Charles Maciel
President, Inland Empire Property Services, Inc.

SUBJECT: Resolution No. 2011-04UA, “Approving the Maintenance and Services Agreement with Pascal & Ludwig Constructors for the Repair of the City of Banning’s Wastewater Treatment Plant Bar Screen Rake and Approving the Purchase of All Parts & Materials for the Repair”

RECOMMENDATION: Adopt Resolution No. 2011-04UA:

I. Approving the Agreement with Pascal & Ludwig Constructors of Ontario, California, in the amount not-to-exceed $18,985.00 for the Repair of the City of Banning’s Wastewater Treatment Plant Bar Screen Rake.

II. Approving the purchase of the necessary parts and materials from Flo-Systems, Inc. in the amount of $66,755.12.

JUSTIFICATION: The Bar Screen Rake provides protection to the Wastewater Treatment Plant as it was designed to remove large debris and objects from the inflow of the raw sewage, if not removed the debris/objects would obstruct pipes and damage pumps within the treatment process. During high inflows the debris can also pose a risk of an overflow situation and a non-compliance order by the Colorado Regional Water Quality Control Board.

BACKGROUND: United Water Services, Inc. is under contract with the City for the maintenance of the Banning Wastewater Treatment Plant and brought to the City’s attention the damage to the Bar Screen Rake. The Bar Screen Rake is a device that automatically removes large objects at the headworks of the Wastewater Treatment Plant; it includes a Rake that automatically passes over the Bar Screen removing large debris. United Water has been operating the intake head works manually since the failure of the Bar Screen. The Bar Screen Rake has been in continuous operation since 2000. United Water has solicited two contractors for repair of the bar screen rake.

Pascal & Ludwig Constructors, a reputable contractor that has previously provided satisfactory services for the City, submitted the lowest proposal in the amount of $18,985.00 for the cost of labor to repair the rake guides, drive unit and the rake arm. Staff has also obtained a quote from Flow Systems, Inc, the manufacturer of the bar screen rake, in the amount of $66,755.12 for the purchase of the parts required for the repair.
The repair work will be authorized consistent with the City Policy as set forth in Ordinance No. 1266, Section 18A-8.5 for emergency facilities repair.

**FISCAL DATA:** Funds to cover the total cost of the repair would require a budget appropriation from the Wastewater Division, to Account No. 680-8000-454-95.12 (Plant Improvements) to provide the necessary funding for the repairs.

RECOMMENDATION: Adopt Utility Authority Resolution No. 2011-08 UA, “Amending the Professional Services Agreement for the 2010 Urban Water Management Plan Update to include Additional Services”.

JUSTIFICATION: This update and collaboration with Pardee Development will satisfy the requirements of the Urban Water Management Act and the subsequent amendments of the Act, as well as, ensure that the developers’ related documents are accurate and consistent with the City’s plan.

Staff respectfully requests that by the approval of this Resolution that funds received to date and future funds received by Pardee Homes for the purpose of this project be added to the existing purchase order and related budget accounts.

The City’s portion of this agreement will remain in the amount “Not to Exceed” $200,000.00 unless otherwise approved by the Banning Utility Authority; however the overall budget and project may exceed this dollar amount due to expenses incurred and reimbursed by Pardee Homes.

FISCAL DATA: Services provided in relation to Pardee Homes’ development will be reimbursed by the developer. To date, $81,366.00 has been collected to offset expenses and is respectfully requested to be added to the existing purchase order. Additionally, staff requests that future funds collected by the developer for this project be added to the purchase order by approval of this resolution.

The overall purchase order may exceed $200,000.00; however, the City’s portion will not exceed said funding amount.
